

Scouting For Food

Saturday, February 2, 2008

Saturday, February 2, local Boy and Cub Scouts will be out in force in neighborhoods hanging bags on door knobs for the national Scouting for Food drive for the East Alabama Food Bank. Each scout is challenged to collect his weight in food. Our goal for this year's drive is to collect 20,000 lbs of food. Scouts will collect bags from your doorstep February 9. Please encourage your scout to participate in this very important community event.
